Everything in nature has its origin. We rescue from our history what brought us here. This wine represents our evolution, what drives us, our originality.

Everything in nature has its origin. Youthfulness and creativity result in a light and balanced wine. This wine represents the evolution, movement and originality of the wine world. Innovation has always been considered the word that best defines the Casa Valduga way of crafting its wines. With this in mind, the Família Valduga decided to explore other terroirs. From its own production, but coming from vineyards on the other side of the Andes Mountains, Origem Chardonnay Chile emerges.
